**Subject:** SDDL methane at GP2

Julian & Valerie,

I know you're working on a letter to the city of Moraine informing them of the methane level at GP2; in the interest of making the city aware of the situation more quickly, OEPA also plans to call the city to let them know. Also, do you plan to communicate the result to DP&L?

Leslie Patterson  
Remedial Project Manager  
U. S. Environmental Protection Agency, Region 5
